National Night Out

On August 4th, join your neighbors and the nation for National Night Out, a national program designed to heighten crime prevention awareness and to promote police-community partnerships. On this night, leave on all outside lights to show your support for crime prevention. Also on August 4th, join your neighbors at our Open House for Crime Prevention from **TIME to TIME** at the clubhouse. It is always with the best intentions that the worst work is done. - Oscar Wilde

It is difficult to say who do you the most harm: enemies with the worst intentions or friends with the best.

Travel Tip

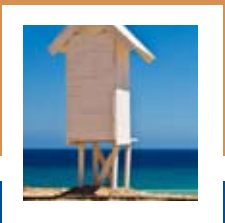

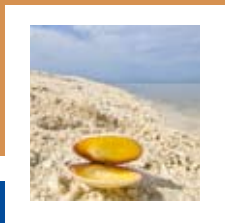

When planning for your trip at home or abroad, it can be helpful to get a map ahead of time. You can often find maps at your local library, in guidebooks, or on the Internet. Not only will you get a feel for where tourist attractions are located, but it is also safer for you to know your way around ahead of time.

Money Tip

Stockpiling can be a great way to save money. If a grocery item is on sale, that is the perfect time to buy enough to last you for several weeks or months. You will then be assured that when you need the product again, you will just have to visit your pantry, rather than running to the store and paying full price. Stockpiling does take extra room, but the benefits to your wallet can be significant.

Rest is not idleness, and to lie sometimes on the grass on a summer day listening to the murmur of water, or watching the clouds float across the sky, is hardly a waste of time. -John Lubbock
